

SUSTAINABILITY AT OUR HOTEL

Caring for the planet is a natural extension of Hyatt's purpose — to care for people so they can be their best. At [Hyatt Regency Columbus](#), we are dedicated to sustainability and are committed to making a difference through our daily processes. To learn more about Hyatt's sustainability efforts, [click here](#).

OVERVIEW

- Walkable attractions from the hotel include Short North District, Arena District, Huntington Park, Nationwide Arena, Lower.com Field, and Capital Square District
- Partnerships with local vendors which include minority and women-owned businesses. This includes Leafy; a company providing all-natural bamboo toilet paper free of chemicals and is 100% biodegradable.
- Our city's bike share program is a wonderful way to explore our destination.

CLIMATE CHANGE & WATER CONSERVATION

We strive to operate our building efficiently to reduce emissions and water use.

- Lights are turned on in meeting rooms only when needed.
- Our daily operational reports are used to effectively schedule heating and cooling needs.
- Through our Conserve program, we change linens every third day, unless requested otherwise, and guests may choose to reuse towels by leaving them hanging.
- Use of Hyatt EcoTrack to track sustainability metrics including greenhouse gas emissions, energy, water, waste, and recycling. These insights help advance efficiency improvements.

WASTE & CIRCULARITY

We work to reduce waste where possible.

- Plastic straws are not used. Rather, straws made of recycled paper are offered upon request.
- Water served using carafes is the default offering for meetings and events.
- If you would like to avoid disposable water bottles, hydration stations are available in meetings and public spaces.
- Mobile Entry is available through the World of Hyatt app to reduce the number of plastic keycards handed out. For guests using key cards, return boxes are available in the lobby to use after checkout.
- Supporting digital signage and offering Hyatt Apps to help enable paperless meetings.
- Offering reports through the Planner Portal, reducing the need to print.

RESPONSIBLE SOURCING

Hyatt's Food. Thoughtfully Sourced. Carefully Served. philosophy guides us in how we select ingredients that are better for people, communities, and the planet.

- Cage-free eggs are utilized in our restaurants.
- Advancing seafood purchased from responsible sources.
- Produce is organic and purchased locally when possible.
- Plant based & plant forward menu items are offered in our restaurants and for events.
- Poultry and dairy products are sourced locally in Ohio.
